GENERAL SERVICES ADMINISTRATION

Washington 25, D. C.

April 17, 1959

Honorable Allen W. Dulles
Director
Central Intelligence Agency
Washington 25, D. C.

Dear Mr. Dulles:

In accordance with existing statutes and Office of Civil and Defense Mobilization Plan C and Plan D-Minus, it is contemplated that during an emergency GSA will provide certain logistical support to Federal agencies, similar to the support now provided.

As a part of the 1959 Operation Alert exercise, we plan to develop the total requirements of the Federal agencies from D day (the day of an attack on the United States) through D plus 90 days.

In May or June, GSA regional officials plan to meet with your field officials to obtain information in regard to space, supply and transportation requirements for emergency operations. Our Region 3 (Washington, D. C.) officials will meet with your departmental representatives to discuss their requirements. Primarily, the information desired will be concerned with the number of personnel required to perform essential functions. This information will then be related to requirements.

In connection with the logistical problem, certain assumptions will be developed and discussed with your departmental and field representatives.

We will appreciate the cooperation of your officials with GSA regional personnel in this undertaking, the results of which will enable us to further our mobilization planning.

Sincerely yours
